Your Value, Our Promise™

## Product Catalog

\*Sample swatches are shown for reference only and may not depict colour, texture, and pattern of the actual product. Please ask to examine actual product samples before making purchase decisions. Product selection, specification, and availability are dictated by Twelve Oaks without notice.

January 2018

Twelve Oaks™ is a Canadian-based flooring supplier and distributor. The Twelve Oaks™ name is inspired by the plantation in “Gone with the Wind”, symbolizing a time when quality, detail, durability and fine craftsmanship was paramount. We have been in the flooring industry for over a decade, mainly catering to flooring specialty stores across Canada, from Newfoundland to Vancouver Island. Today, hundreds of selected stores are carrying the Twelve Oaks™ brand. We have a dedicated in-house marketing and product development team that works closely with designers across North America. We always stay innovative by developing new products, technologies and installation methods, all while staying on the forefront of trends and fashion.

Twelve Oaks™ never compromises on quality or safety. Our manufacturers are only chosen after a long and arduous process where the production is carefully scrutinized from top to bottom with particular emphasis on consistent quality and environmental health safety. All of our manufacturers have passed the most stringent industry quality and emission standards, namely CARB-II and/or FloorScore. Every shipment of product is closely examined by Twelve Oaks’ highly trained Quality Control team, who reside at the manufacturing facility full-time.

You will experience a different level of service when you partner with us. We pride ourselves on a 24-hour response time for all claims and inquiries. Our average fill rate is over 90%. We have handpicked our best-selling colors of engineered and luxury vinyl products and brought them to the US market.

## Engineered Hardwood Flooring

Twelve Oaks™ engineered hardwood flooring has a mildly distressed look which helps hide a multitude of imperfections caused by high traffic, and makes maintenance a breeze for all users. Every color is finished with multiple coats of PPG® stain and aluminum oxide coatings for superior durability.

### **Environmental Certification:**

FloorScore, CARB-II, GreenGuard

# Antique Perspective Collection

Antique Perspective Collection is one of Twelve Oaks’ all-time best selling lines. With over 20 colors, 5 species, and different distressed finishes to choose from, this collection takes the meaning of versatility to a whole new level.

**Specifications**

Acacia: 1/2" (T) x 4-3/4" (W) x Random Lengths (16"-48")  
Others: 1/2" (T) x 5" (W) x Random Lengths (16"-48")

American Black Walnut - Jaguar

Hickory - Tennessee Dawn S

# Evolution Collection

UNICLIC® patented Drop Lock profile guarantees fast and simple installation. This floating installation is ideal for high-rise residential use. The most popular Antique Perspective Collection Hardwood Engineered colors are also available in Drop Lock.

**Specifications**

Acacia: 1/2" (T) x 4-3/4" (W) x Random Lengths (16"-48")  
Others: 1/2" (T) x 4-7/8" (W) x Random Lengths (16"-48")

# Crafters Mission Collection

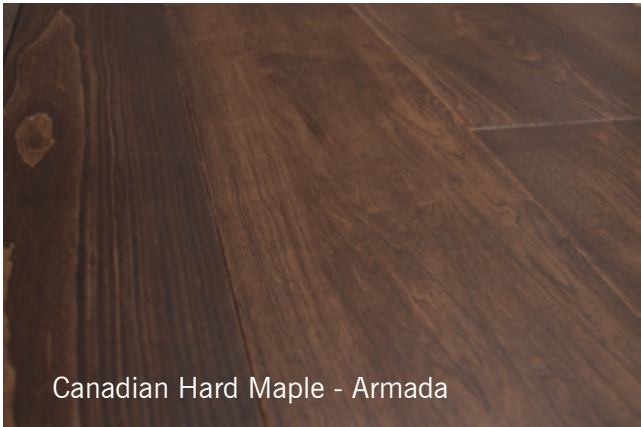

Crafters Mission Collection features a 19mm (3/4”) thickness that would install flush with most solid hardwood floors and tiles on the market. This effectively eliminates the need for transition mouldings and guarantees a clean finished look every single time. The increased thickness also means extra structural strengths.

**Specifications**

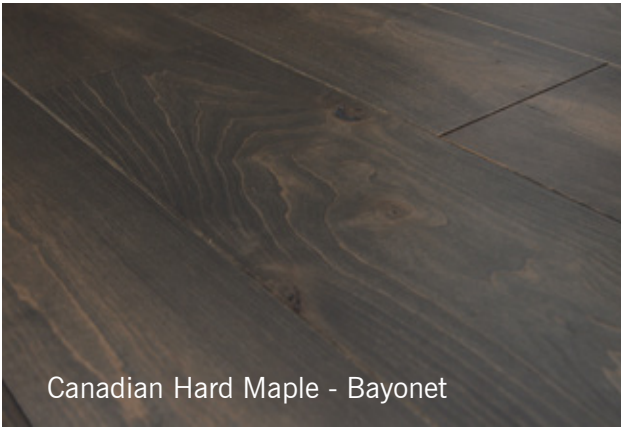

White Oaks: 3/4" x 5" x Random Lengths (16"-48")  
 Hickory: 3/4" x 5" x Random Lengths (16"-71")

Hickory - Barque

Canadian Hard Maple - Armada

Canadian Hard Maple - Bayonet

# Grande Collections

All the benefits of Crafters Mission and Antique Perspective Collections, plus the planks are longer and wider. All are hand-stained and finished with multiple coats of aluminum oxide protection.

**Specifications**

Crafters Mission Grande: 3/4" x 6-1/2" x Random Lengths (16"-71")  
 Antique Perspective Grande: 1/2" x 7-1/2" x Random Lengths (16"-75")

**Primary Features**

- The 3 Canadian Hard Maple colors are finished using our patent pending Woolmarking technique, which brings out the unique grain patterns and characters of the wood never before seen on the market.
- Matte finish with sheen level lower than 10%.
- All are sliced-cut.
- Ultra long and wide boards offer superior aesthetics.
- Colour-coordinated t-moulding, reducer and stair nosing. All mouldings come in wide widths.

Maple - Brownstone

## Venetian Flair Collection

*Wide planks and beautiful colors create contemporary elegance for your home.*

### Specifications

5/8" x 6-1/2" x Random Lengths (24"-71")

**CARB COMPLIANT**  
California 93120 Phase 2 Compliant  
for Formaldehyde Emissions

Ash - Potter

Whitewashed

Maple - Mason

Variegated Widths & ThruColor™

Maple - Armorer

Variegated Widths & ThruColor™

**ThruColor™**: A proprietary technique that allows pigments to saturate through the entire thickness of the hardwood veneer.

## Luxury Vinyl Flooring

We understand that life happens. That's why all of Twelve Oaks' Luxury Vinyl floors are designed to withstand the tall orders of a busy home with kids, pets, high traffic and inevitable spills. Our Luxury Vinyl Flooring are long-lasting and designed to accommodate all the needs of high-rise, residential, and commercial applications. With most trendy colors and designs, we combine fashion with performance.

**Environmental Certification:**  
FloorScore

## SureWood Collection

The SureWood WPC Collection is a selection of truly innovative, high performance and exquisitely beautiful flooring.

### ***Warm, Clean and Quiet***

Our SureWood product has a built-in cork underlayment that offers a warm and quiet underfoot. It's also anti-microbial, anti-fungal and has odour control properties -- perfect for homes with kids and pets, hospitality, schools and medical centers.

### ***Superior Locking System***

5G Vålinge™ patented joint systems is the easiest and most durable locking system available on the market today. It effectively eliminates any unsightly gapping problems. SureWood planks can be installed for up to 80 ft. (25m) without transitional moulding.

### ***Armor Care for added assurance***

Cutting edge anti-stain and scratch resistant Armor Care top coating on every board, making SureWood ideal for busy homes and commercial applications

### ***Specifications***

Plank: 5/16" (20 mil wear layer) x 7" x 48"

Tile: 5/16" (20 mil wear layer) x 12" x 24"

SureWood - Woodcraft EIR

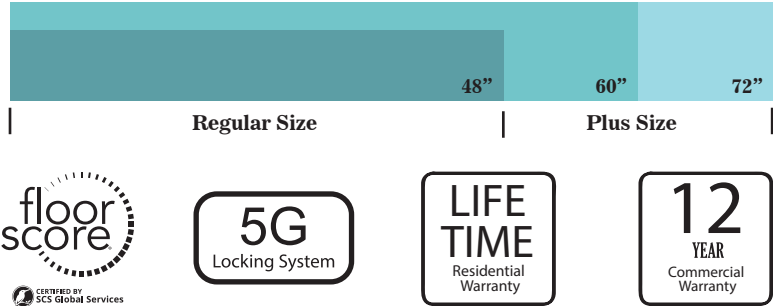

# SureWood Plus Collection

### Primary Features

- Much wider and longer planks compared to traditional luxury vinyl planks on the market today
  - Prominent painted-bevels add to the authentic natural look
  - 20-mil thick UV cured anti-stain and scratch resistant wear layer make it ideal for commercial traffic and busy residential homes.
  - 100% waterproof. High density WPC core is stable and impervious to water damage.
  - High-definition print with rich texture makes it a statement piece in any space
  - Valinge patented 5G® locking system is the strongest on the market today. It mitigates telegraphing through subfloor imperfections, and reduces unsightly gapping. It allows for 80ft (25m) of linear installation of flooring without the use of transition moulding.
  - Built-in cork underlayment offers antimicrobial product protection, superior sound absorption, and comfortable underfoot.
  - Can be installed over hydronic radiant heating systems
- \*Conditions apply.

### Specifications

5/16" (20 mil wear layer) x 8-7/8" x 60"  
11/32" (20 mil wear layer) x 8-7/8" x 72"

SureWood Plus - Whirlwind

# SolidCore Collection

Fresh looks, adaptable applications and lasting performances.

**Specifications**  
1/4" (12 mil wear layer) x 7" x 48"

**Primary Features**

- Armor Care technology: 2 coats of UV cured anti-stain and scratch resistant finishes are applied to ensure long lasting performance
- 100% waterproof. Can be installed in moisture prone areas.
- The high-density core is very stable and is dent resistant. It is made through a state-of-the-art extrusion process, using virgin materials that are recyclable.
- Valinge patented 5Gi® locking system is the strongest on the market today. It mitigates telegraphing through subfloor imperfections, and reduces unsightly gapping. It allows for 80ft (25m) of linear installation of flooring without the use of transition moulding.
- Built-in high density IXPE underlay offers sound absorption, impact cushioning, and comfortable underfoot.
- Can be installed over hydronic radiant heating systems.  
\*Conditions apply.

SolidCore - Sparkling Oasis

## Endure Collection

As the name suggests, Endure Collection of dryback glue-down vinyl flooring is built for high traffic commercial applications with its durable and waterproof features. Endure offers a selection of luxurious vinyl plank flooring with an array of options at competitive prices.

### **High Definition Realism**

HD quality prints coupled with micro-v bevelled edges give the product an unrivaled realistic appearance. Dryback vinyl is a more economical and sustainable than carpet or stones, for commercial applications.

### **Quality Assurance**

Endure vinyl products are backed with a structural warranty for 30-Year Residential and 12-Year Commercial use. We guarantee that our floor surface will not wear through or peel off.

### **Specifications**

1/16" (12 mil wear layer) x 7-3/8" x 48"

## LooseLay Collection

LooseLay Luxury Vinyl flooring installation is an excellent DIY project for handy owners, with the looks of a professional install. Made a mistake? No problem. The pliable plank makes repositioning easier than ever. LooseLay also features a softer underfoot that is brought to you by an enhanced Acoustic Cushioning Layer — superior comfort, quieter space.

### Specifications

7/32" (20 mil wear layer) x 7-3/8" x 48"

## Laminate Collection

Twelve Oaks™ realistic looking laminate creates a statement in any room, and it is been designed for easy living. Our laminates are AC4 rated for heavy residential and moderate commercial traffic and are FloorScore certified to meet emission standards.
