MASTER ARTISAN COLLECTION

The finest small-batch
engineered hardwood flooring
Twelve Oaks® has to offer!

HICKORY ANGLER

WHITE OAK BEADSMITH

Inspired by the magnificent flooring that once graced the finest European châteaux, Master Artisan retraced the patina onto our luxuriously long and wide planks. Our premium grade wood offers a high-end clean aesthetic, making it the ultimate statement. All of our woods are sustainably harvested from the USA. Every color is sawn cut and uniquely hand-crafted in small batches by our skilled artisans. We apply state-of-the-art colour secured stain technology and finishing techniques to bring out the richest colors, textures and characters found only in real wood. Original design coupled with superior craftsmanship makes our flooring the statement piece in any space.
